# ACADEMIC WARNINGS AND THE IMPORTANCE OF CHECKING INFINITE CAMPUS

RESPONSIBILITY

CHAT WITH THE PEOPLE NEXT TO YOU AND ANSWER THIS QUESTION:

WHAT IS AN ACADEMIC WARNING?

- Academic warnings are sent through Infinite Campus when we are half way through each quarter of the school year.
- They are a tool for you to use.
- You will receive an Academic Warning if you have a grade of "C" or lower in any of your classes.
- This is a reminder to you and your family that you may be struggling in one or more of your classes.
- Not to worry, this gives you the second half of the quarter to get your grades up!

PLEASE ANSWER THE FOLLOWING QUESTIONS IN YOUR ADVISORY NOTEBOOK

Why are Academic Warning important?

How can Academic Warnings be helpful?

CHECKING INFINITE CAMPUS

Please answer the following questions in your Advisory notebook:

How often do you check your grades on Infinite Campus?

Do you have a routine when you check Infinite Campus?

How can checking your grades on Infinite Campus be helpful?

WHY SHOULD YOU CHECK YOUR GRADES ON INFINITE CAMPUS?

- Keeps you well informed on your grades in general.
- Tells you exactly how you have been scored on every assignment that you have turned in.
- Provides you with information on how you can improve your grades.
- Keeps you from getting blindsided with bad grades at the end of the quarter and prevents the anxiety and stress that comes with this.

GRADE CHECK AND MISSING WORK REPORT

You will now be given a missing work report and the opportunity to check your grades on Infinite Campus. Please complete the following:

- Grade check
- Set a goal to improve your grades and decide when you will check Infinite Campus weekly
- Complete missing or incomplete work

Tips and Tricks
- Pick a day and time that works best for you to check Infinite Campus weekly. We all have different lives, what works best for **YOU**?
- Generally speaking, completing "missing" work will help your grade more than completing "incomplete" work. Do your "missing" work first!

FINAL RESULT

- Once you have a final product, go back to your second slide and review the initial questions you answered
  - Does your final prototype solve your problem for the person or people for whom it needs to be solved?
    - If yes, **WAY TO GO**! But always think about if you can improve it even more!
    - If no, copy this PowerPoint and start the problem/solution cycle again
- Insert pictures of your final design
- Discuss why this design solves the problem
- Reflect on how you feel about the process from start to finish in this project
